

Like wood
wall protection,
only better.

Better, because with our new and improved patterns, Acrovyn® Chameleon™ looks exactly like real wood. It comes in all of the species designers want, yet it doesn't require any of the maintenance associated with real wood. In fact, **it's just as durable as regular Acrovyn.** And, Acrovyn 4000 **contains no PVC or PBTs**, so the best looking choice is also the right one for the environment.
